Express Mail International Service Guide
Publication 273

Transmittal Letter 4
March 31, 1986

A. EXPLANATION

The Express Mail International Service Guide has been developed to provide field personnel and postal customers with a quick reference of service offerings for Express Mail International shipments. Included in this update is information relating to both On Demand and Custom Designed Services. Further details on Custom Designed Service, which requires a contractual arrangement with the U.S. Postal Service, may be obtained from your customer service representative (CSR). Your local post office can provide the name and telephone number of the CSR.

Information in this guide has been updated to include the 49 countries served as of March 31, 1986. Since the Postal Service's international network of countries is expanding constantly, appropriate updates of this publication will be issued as required.
